

*Do you want to reduce missed days
of work?*

*On-Site Flu Shots
will be provided at your facility*

*Reserve you & your employee's doses of flu shot for
2014-2015 flu season!*

Are Your Employees Protected?

- Millions of Americans are infected each year with influenza leading to missed work days, hospitalizations, and even death.
- The best way to prevent the flu is by getting the flu vaccination each year.
- One study showed that those who received a flu vaccine made 44 percent fewer Dr. visits for upper respiratory illnesses.
- One study showed a net savings per vaccination of \$46.85 per person

Uptown Pharmacy will be offering on-site flu and pneumonia vaccinations to local businesses this season. To participate in this program or for more information please call (614) 882-2392.
